Patient Positioning System Market Trends and Forecast

The future of the patient positioning system market looks promising with opportunities in the hospital, ambulatory surgery center, and diagnostic laboratory markets. The global patient positioning system market is expected to reach an estimated \$1.6 billion by 2028 with a CAGR of 4.8% from 2023 to 2028. The major drivers for this market are growing number of non-communicable disease cases, increasing spending on diagnostic procedures, and emergence of advanced imaging technology to automate the procedure of placing patients for X-ray exams.

Patient Positioning System Market

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Patient Positioning System Market by Segments

Patient Positioning System Market by Segment

The study includes a forecast for the global patient positioning system market by product, application, end use, and region, as follows:

Patient Positioning System Market by Product [Shipment Analysis by Value from 2017 to 2028]:

Tables

Accessories

Patient Positioning System Market by Application [Shipment Analysis by Value from 2017 to 2028]:

Surgeries

Disease Diagnosis

Cancer Therapy

Patient Positioning System Market by End Use [Shipment Analysis by Value from 2017 to 2028]:

Hospitals

Ambulatory Surgery Centers

Diagnostic Laboratories

Others

Patient Positioning System Market by Region [Shipment Analysis by Value from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of Patient Positioning System Companies

Companies in the market compete on the basis of product quality offered. Major players

in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies patient positioning system companies cater to increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the patient positioning system companies profiled in this report include:

Medtronic

Hill-Rom Holdings

Stryker

Medline Industries

Skytron

Smith & Nephew

STERIS

Patient Positioning System Market Insights

Lucintel forecasts that table will remain the larger segment over the forecast period due to the increasing demand for technologically advanced tables from healthcare facilities to enable accurate positioning and quick diagnostic imaging of patients.

Hospital is expected to remain the largest segment due to the rising number of hospitals and increasing expenditure on healthcare across the world.

North America will remain the largest region due to the growing number of patients with lifestyle diseases like obesity and arthritis, increasing investment in innovating the operating rooms, and presence of key players in the region.

Features of the Patient Positioning System Market

Market Size Estimates: Patient positioning system market size estimation in terms of value (\$B)

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Patient positioning system market size by various segments, such as by product, application, end use, and region

Regional Analysis: Patient positioning system market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by product, application, end use, and regions for the patient positioning system market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the patient positioning system market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the patient positioning system market size?

Answer: The global patient positioning system market is expected to reach an estimated \$1.6 billion by 2028.

Q2. What is the growth forecast for patient positioning system market?

Answer: The global patient positioning system market is expected to grow with a CAGR of 4.8% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the patient positioning system market?

Answer: The major drivers for this market are growing number of non-communicable disease cases, increasing spending on diagnostic procedures, and emergence of advanced imaging technology to automate the procedure of placing patients for X-ray exams.

Q4. What are the major segments for patient positioning system market?

Answer: The future of the patient positioning system market looks promising with opportunities in the hospital, ambulatory surgery center, and diagnostic laboratory markets.

Q5. Who are the key patient positioning system companies?

Answer: Some of the key patient positioning system companies are as follows:

Medtronic

Hill-Rom Holdings

Stryker

Medline Industries

Skytron

Smith & Nephew

STERIS

Q6. Which patient positioning system segment will be the largest in future?

Answer: Lucintel forecasts that table will remain the larger segment over the forecast period due to the increasing demand for technologically advanced tables from healthcare facilities to enable accurate positioning and quick diagnostic imaging of patients.

Q7. In patient positioning system market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region due to the growing number of patients with lifestyle diseases like obesity and arthritis, increasing investment in innovating the operating rooms, and presence of key players in the region.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the patient positioning system market by product (tables and accessories), application (surgeries, disease diagnosis, and cancer therapy), end use (hospitals, ambulatory surgery centers, diagnostic laboratories, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to synthetic industrial absorbent market or related to synthetic industrial absorbent companies, synthetic industrial absorbent market size, synthetic industrial absorbent market share, synthetic industrial absorbent analysis, write Lucintel analyst at email: helpdesk@lucintel.com we will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL PATIENT POSITIONING SYSTEM MARKET: MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2017 TO 2028

3.1: Macroeconomic Trends (2017-2022) and Forecast (2023-2028)

3.2: Global Patient Positioning System Market Trends (2017-2022) and Forecast (2023-2028)

3.3: Global Patient Positioning System Market by Product

3.3.1: Tables

3.3.2: Accessories

3.4: Global Patient Positioning System Market by Application

3.4.1: Surgeries

3.4.2: Disease Diagnosis

3.4.3: Cancer Therapy

3.5: Global Patient Positioning System Market by End Use

3.5.1: Hospitals

3.5.2: Ambulatory Surgery Centers

3.5.3: Diagnostic Laboratories

3.5.4: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2017 TO 2028

4.1: Global Patient Positioning System Market by Region

4.2: North American Patient Positioning System Market

4.2.1: North American Patient Positioning System Market by Product: Tables and Accessories

4.2.2: North American Patient Positioning System Market by End Use: Hospitals, Ambulatory Surgery Centers, Diagnostic Laboratories, and Others

4.3: European Patient Positioning System Market

4.3.1: European Patient Positioning System Market by Product: Tables and

Accessories

4.3.2: European Patient Positioning System Market by End Use: Hospitals, Ambulatory Surgery Centers, Diagnostic Laboratories, and Others

4.4: APAC Patient Positioning System Market

4.4.1: APAC Patient Positioning System Market by Product: Tables and Accessories

4.4.2: APAC Patient Positioning System Market by End Use: Hospitals, Ambulatory Surgery Centers, Diagnostic Laboratories, and Others

4.5: ROW Patient Positioning System Market

4.5.1: ROW Patient Positioning System Market by Product: Tables and Accessories

4.5.2: ROW Patient Positioning System Market by End Use: Hospitals, Ambulatory Surgery Centers, Diagnostic Laboratories, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Patient Positioning System Market by Product

6.1.2: Growth Opportunities for the Global Patient Positioning System Market by Application

6.1.3: Growth Opportunities for the Global Patient Positioning System Market by End Use

6.1.4: Growth Opportunities for the Global Patient Positioning System Market by Region

6.2: Emerging Trends in the Global Patient Positioning System Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Patient Positioning System Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Patient Positioning System Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

- 7.1: Medtronic
- 7.2: Hill-Rom Holdings
- 7.3: Stryker
- 7.4: Medline Industries
- 7.5: Skytron
- 7.6: Smith & Nephew
- 7.7: STERIS
