A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

### Plenoptic Camera by Segment

The study includes a forecast for the global plenoptic camera by product type, application, and region.

Plenoptic Camera Market by Product Type [Shipment Analysis by Value from 2018 to 2030]:

Standard Plenoptic Camera

Focused Plenoptic Camera

Coded Aperture Camera

Plenoptic Camera Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Individual

Enterprise

Industrial

Others

Plenoptic Camera Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Plenoptic Camera Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies plenoptic camera companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the plenoptic camera companies profiled in this report include-

Canon

Apple

Sony

Panasonic

Samsung Electronics

Raytrix

OTOY

Pelican Imaging

Rebellion Photonics

Lytro

## Plenoptic Camera Market Insights

Lucintel forecasts that standard plenoptic camera will remain the largest segment over the forecast period due to its various advantages, such as affordability, adaptability, and smaller in design.

Within this market, industrial is expected to witness the highest growth due to growing use of plenoptic cameras in various fields, such as astronomy and industrial robotic vision.

APAC will remain the largest region over the forecast period due to growing industrialization and a surge in the demand for high-resolution and high-focus cameras among industries of the region.
