Polyester Fiber Trends and Forecast

The future of the global polyester fiber market looks promising with opportunities in the textile & apparel, home furnishing, automotive & transportation, and industrial markets. The global polyester fiber market is expected to reach an estimated \$163.2 billion by 2030 with a CAGR of 7.8% from 2024 to 2030. The major drivers for this market are increasing demand in both the business and household markets for carpets and rugs, rising demand for nonwoven fabrics, and expanding applications in automotive and industrial sectors.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Polyester Fiber by Segment

The study includes a forecast for the global polyester fiber by form, grade, product type, application, and region.

Polyester Fiber Market by Form [Shipment Analysis by Value from 2018 to 2030]:

Solid

Hollow

Polyester Fiber Market by Grade [Shipment Analysis by Value from 2018 to 2030]:

Pet Polyester Fiber

PCDT polyester fiber

Polyester Fiber Market by Product Type [Shipment Analysis by Value from 2018 to 2030]:

Polyester Filament Yarn

Polyester Staple Fiber

Polyester Fiber Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Textile & Apparel

Home Furnishing

Automotive & Transportation

Industrial

Others

Polyester Fiber Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Polyester Fiber Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies polyester fiber companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the polyester fiber companies profiled in this report include-

Zhejiang Hengyi

Reliance Industries

Indorama Venture

Public Company

Toray Industries

Sinopec Yizheng Chemical Fiber

Liability Company

Polyester Fiber Market Insights

Lucintel forecasts that solid will remain the larger segment over the forecast period because it is extensively utilized in the creation of carpet yarn, geotextile, cotton, wool, linen, and viscose blends, as well as in the spinning and blending of materials to make clothes, a range of non-woven layers for agricultural purposes, and moisture insulations.

APAC is expected to witness highest growth over the forecast period due to substantial expansion and a plethora of innovations within the textile sector, expanding infrastructure development initiatives for homes and businesses in the developing countries.

Features of the Global Polyester Fiber Market

Market Size Estimates: Polyester fiber market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Polyester fiber market size by form, grade, product type, application, and region in terms of value (\$B).

Regional Analysis: Polyester fiber market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different form, grade, product type, application, and regions for the polyester fiber market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the polyester fiber market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the polyester fiber market size?

Answer: The global polyester fiber market is expected to reach an estimated \$163.2 billion by 2030.

Q2. What is the growth forecast for polyester fiber market?

Answer: The global polyester fiber market is expected to grow with a CAGR of 7.8% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the polyester fiber market?

Answer: The major drivers for this market are increasing demand in both the business and household markets for carpets and rugs, rising demand for nonwoven fabrics, and expanding applications in automotive and industrial sectors.

Q4. What are the major segments for polyester fiber market?

Answer: The future of the global polyester fiber market looks promising with opportunities in the textile & apparel, home furnishing, automotive & transportation, and industrial markets.

Q5. Who are the key polyester fiber market companies?

Answer: Some of the key polyester fiber companies are as follows:

Zhejiang Hengyi

Reliance Industries

Indorama Venture

Public Company

Toray Industries

Sinopec Yizheng Chemical Fiber

Liability Company

Q6. Which polyester fiber market segment will be the largest in future?

Answer: Lucintel forecasts that solid will remain the larger segment over the forecast period because it is extensively utilized in the creation of carpet yarn, geotextile, cotton, wool, linen, and viscose blends, as well as in the spinning and blending of materials to make clothes, a range of non-woven layers for agricultural purposes, and moisture insulations.

Q7. In polyester fiber market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness highest growth over the forecast period due to substantial expansion and a plethora of innovations within the textile sector, expanding infrastructure development initiatives for homes and businesses in the developing countries.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the polyester fiber market by form (solid and hollow), grade (pet polyester fiber and PCDT polyester fiber), product type (polyester filament yarn and polyester staple fiber), application (textile & apparel, home furnishing, automotive & transportation, industrial, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
