Siding Market Trends and Forecast

The future of the global siding market looks promising with opportunities in residential and non-residential construction. The global siding market is expected to reach an estimated \$152.6 billion by 2030 with a CAGR of 3.1% from 2024 to 2030. The major growth drivers for this market are increasing construction activities, growing repair and maintenance of building exteriors, and a rise in the hospitality industry.

Emerging Trends in the Siding Market

Emerging trends, which have a direct impact on the dynamics of the industry, include the increasing adoption of fiber cement siding and increasing use of sidings with good insulation to reduce energy consumption through air conditioners and heaters.

A total of 129 figures / charts and 102 tables are provided in this 187-page report to help in your business decisions. Sample figures with some insights are shown below.

Siding Market by Segment

In this market, residential is the largest application segment, whereas vinyl is the largest material segment. Growth in various segments of the siding market is given below.

The study includes trends and forecast for the global siding market by material, end use, application, and region, as follows:

Siding Market by Material [Value (\$ Million) and Volume (Million Square Feet) from 2018 to 2030]:

Fiber Cement

Vinyl

Metal

Stucco

Concrete and Stone

Brick

Wood

Other

Siding Market by End Use [Value (\$ Million) and Volume (Million Square Feet) from 2018 to 2030]:

Residential

Non-Residential

o Healthcare

o Education

o Hospitality

o Retail

o Office

o Others

Siding Market by Application [Value (\$ Million) from 2018 to 2030]:

New Construction

Repair and Maintenance

Siding Market by Region [Value (\$ Million) from 2018 to 2030]:

North America

o United States

o Canada

o Mexico

Europe

o Germany

o France

o United Kingdom

APAC

o China

o India

o Japan

ROW

o Brazil

o UAE

List of Siding Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies, siding companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the major siding companies profiled in this report include-

Valmont Industries

Kingspan

James Hardie

Nichiha

Ply Gem

Louisiana Pacific

Georgia Pacific Vinyl Siding

Revere Building Products

Lixil Group Corporation

Siding Market Insights

Lucintel forecasts that vinyl will remain the largest material type segment over the forecast period due low material and maintenance cost and availability of

wide variety of colors.

Within the global siding market, non-residential will remain the largest end use segment during the forecast period due to growth in retail and office buildings. Residential construction is expected to witness the highest growth during the forecast period due to increasing adoption of energy efficient homes.

Asia Pacific is expected to remain the largest market and witness the highest growth over the forecast period, supported by increasing urbanization and building construction activities.

Features of Global Siding Market

Market Size Estimates: Global siding market size estimation in terms of value (\$M) and Volume (Million Square Feet) shipment.

Trend and Forecast Analysis: Market trends (2018-2023) and forecast (2024-2030) by various segments and regions.

Segmentation Analysis: Global siding market size by various segments, such as material, application, end use, and regions in terms of value.

Regional Analysis: Global siding market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different materials, applications, end uses, and regions of the global siding market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the global siding market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the siding market size?

Answer: The global siding market is expected to reach an estimated \$152.6 billion by 2030.

Q2. What is the growth forecast for siding market?

Answer: The siding market is expected to grow at a CAGR of 3.1% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the siding market?

Answer: The major growth drivers for this market are increasing construction activities, growing repair and maintenance of building exteriors, and a rise in the hospitality industry.

Q4. What are the major applications or end use industries for siding?

Answer: Residential and non-residential are the major end use industries for siding.

Q5. What are the emerging trends in the siding market?

Answer: Emerging trends which have a direct impact on the dynamics of the market include increasing adoption of fiber cement siding and increasing use of sidings with good insulation to reduce energy consumption through air conditioners and heaters. Are among the major suppliers of sidings.

Q6. Who are the key siding companies?

Answer: Some of the key siding companies are as follows:

Kingspan

Valmont Industries

James Hardie

Nichiha

Ply Gem

Louisiana Pacific

Georgia Pacific Vinyl Siding

Revere Building Products

Lixil Group Corporation

Q7. Which will be the largest siding material segment in the future?

Answer: Lucintel forecasts that vinyl will remain the largest material type segment over the forecast period due to low material and maintenance cost and availability of a wide variety of colors.

Q8. In the siding market, which region is expected to be the largest in the next 5 years?

Answer: Asia Pacific is projected to be the largest region and witness the highest growth over the next 5 years.

Q9. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers the following 11 key questions:

Q1. What are some of the most promising, high-growth opportunities for the global siding market by material (fiber cement, vinyl, metal, stucco, concrete and stone, brick, wood, and others), end use (residential and non-residential), application (new construction and repair and maintenance), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2 Which segments will grow at a faster pace and why?

Q.3 Which regions will grow at a faster pace and why?

Q.4 What are the key factors affecting market dynamics? What are the drivers and challenges of the global siding market?

Q.5 What are the business risks and threats to the global siding market?

Q.6 What are emerging trends in this global siding market and the reasons behind them?

Q.7 What are some changing demands of customers in the global siding market?

Q.8 What are the new developments in the global siding market? Which companies are leading these developments?

Q.9 Who are the major players in the global siding market? What strategic initiatives are being implemented by key players for business growth?

Q.10 What are some of the competitive products and processes in the global siding market, and how big of a threat do they pose for loss of market share via material or product substitution?

Q.11 What M&A activities did take place in the last five years in the global siding market?

For any questions related to siding market or related to siding companies, siding market size, siding market share, siding analysis, write Lucintel analyst at email: helpdesk@lucintel.com we will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL SIDING MARKET BACKGROUND AND CLASSIFICATIONS

2.1: Introduction, Background, and Classification

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1: Macroeconomic Trends and Forecasts

3.2: Global Siding Market Trends and Forecast

3.3: Global Siding Market by Material

3.3.1 Fiber Cement Siding

3.3.2 Vinyl Siding

3.3.3 Metal Siding

3.3.4 Stucco Siding

3.3.5 Concrete & Stone

3.3.6 Brick Siding

3.3.7 Wood Siding

3.3.8 Other Siding

3.4: Global Siding Market by End Use

3.4.1: Residential

3.4.2: Non-Residential

4. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

4.1: Global Siding Market by Region

4.2: North American Siding Market Trends and Forecast

4.2.1: North American Siding Market by Material

4.2.2: North American Siding Market by End Use

4.2.3: United States Siding Market

4.2.4: Canadian Siding Market

4.2.5: Mexican Siding Market

4.3: European Siding Market Trends and Forecast

4.3.1: European Siding Market by Material

4.3.2: European Siding Market by End Use

- 4.3.3 United Kingdom Siding Market
- 4.3.4 French Siding Market
- 4.4: APAC Siding Market Trends and Forecast
 - 4.4.1: APAC Siding Market by Material
 - 4.4.2: APAC Siding Market by End Use
 - 4.4.3: Chinese Siding Market
 - 4.4.4: Indian Siding Market
 - 4.4.5 Japanese Siding Market
- 4.5: ROW Siding Market Trends and Forecast
 - 4.5.1 ROW Siding Market by Material
 - 4.5.2 ROW Siding Market by End Use
 - 4.5.3 Brazilian Siding Market

5. COMPETITOR ANALYSIS

- 5.1: Product Portfolio Analysis
- 5.2: Market Share Analysis
- 5.3: Geographical Reach
- 5.4: Porter's Five Forces Analysis

6. COST STRUCTURE ANALYSIS

- 6.1: Cost of Goods Sold
- 6.2: SG&A
- 6.3: EBITDA Margin

7. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

- 7.1: Growth Opportunity Analysis
 - 7.1.1: Growth Opportunities for the Global Siding Market by Material
 - 7.1.2: Growth Opportunities for the Global Siding Market by End Use
 - 7.1.3: Growth Opportunities for the Global Siding Market by Region
- 7.2: Emerging Trends in the Global Siding Market
- 7.3: Strategic Analysis
 - 7.3.1: New Product Development
 - 7.3.2: Technology Development
 - 7.3.3: Merger Acquisitions, and Joint Ventures in the Global Siding Market

8. COMPANY PROFILES OF LEADING PLAYERS

- 8.1: Kingspan
- 8.2: James Hardie
- 8.3: Nichiha
- 8.4: Ply Gem
- 8.5: Louisiana Pacific
- 8.6: Alside (associated Material)
- 8.7: LIXIL Group Corporation
