Tactical Data Link Trends and Forecast

The future of the global tactical data link market looks promising with opportunities in the command & control, intelligence, surveillance & reconnaissance, electronic warfare, and radio communication markets. The global tactical data link market is expected to reach an estimated \$10.8 billion by 2030 with a CAGR of 4.6% from 2024 to 2030. The major drivers for this market are growing need for military unmanned aerial vehicles (UAVs) and escalating defense expenditures in emerging nations.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Tactical Data Link by Segment

The study includes a forecast for the global tactical data link by platform, point of sale, component, application, and region.

Tactical Data Link Market by Platform [Shipment Analysis by Value from 2018 to 2030]:

Ground

Naval

Airborne

Unmanned System

Weapons

Tactical Data Link Market by Point of Sale [Shipment Analysis by Value from 2018 to 2030]:

OEM

Aftermarket

Tactical Data Link Market by Component [Shipment Analysis by Value from 2018 to 2030]:

Product

Software Solutions

Tactical Data Link Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Command & Control

Intelligence, Surveillance & Reconnaissance

Electronic Warfare

Radio Communication

Others

Tactical Data Link Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Tactical Data Link Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies tactical data link companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the tactical data link companies profiled in this report include-

L3harris Technologies

Honeywell International

General Dynamics

Lockheed Martin

ViaSat

Leonardo

BAE Systems

Tactical Data Link Market Insights

Lucintel forecasts that unmanned system is expected to witness the highest growth over the forecast period.

Within this market, radio communication is expected to witness the highest growth over

the forecast period.

North America will remain the largest region over the forecast period.

Features of the Global Tactical Data Link Market

Market Size Estimates: Tactical data link market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Tactical data link market size by various segments, such as by platform, point of sale, component, application, and region in terms of value (\$B).

Regional Analysis: Tactical data link market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different platforms, point of sales, components, applications, and regions for the tactical data link market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the tactical data link market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the tactical data link market size?

Answer: The global tactical data link market is expected to reach an estimated \$10.8 billion by 2030.

Q2. What is the growth forecast for tactical data link market?

Answer: The global tactical data link market is expected to grow with a CAGR of 4.6% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the tactical data link market?

Answer: The major drivers for this market are growing need for military unmanned aerial vehicles (UAVs) and escalating defense expenditures in emerging nations.

Q4. What are the major segments for tactical data link market?

Answer: The future of the tactical data link market looks promising with opportunities in the command & control, intelligence, surveillance & reconnaissance, electronic warfare, and radio communication markets.

Q5. Who are the key tactical data link market companies?

Answer: Some of the key tactical data link companies are as follows:

L3harris Technologies

Honeywell International

General Dynamics

Lockheed Martin

ViaSat

Leonardo

BAE Systems

Q6. Which tactical data link market segment will be the largest in future?

Answer: Lucintel forecasts that unmanned system is expected to witness the highest growth over the forecast period.

Q7. In tactical data link market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the tactical data link market by platform (ground, naval , airborne, unmanned system, and weapons), point of sale (OEM and aftermarket), component (product and software solutions), application (command & control, intelligence, surveillance & reconnaissance, electronic warfare, radio communication, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
