## Abstracts

It will take 2-3 business days to deliver the report upon receipt the order if any customization is not there.

### Telecom Order Management Market Trends and Forecast

The future of the global telecom order management market looks promising with opportunities in the customer order management, service order management, and service inventory management markets. The global telecom order management market is expected to reach an estimated \$8.8 billion by 2030 with a CAGR of 10.0% from 2024 to 2030. The major drivers for this market are growing number of connectivity devices and subscribers, increasing demand for advanced order management tools to develop personalized customer order and services, and rising demand for network installations across the rural areas.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below. To learn the scope, benefits, companies researched and other details of the global telecom order management market report, please download the report brochure.

### Telecom Order Management Market by Segment

The study includes a forecast for the global telecom order management market by component, deployment model, product type, and region

Telecom Order Management Market by Component [Shipment Analysis by Value from 2018 to 2030]:

Software

Service

Telecom Order Management Market by Deployment Model [Shipment Analysis by Value from 2018 to 2030]:

On-Premise

Cloud

Telecom Order Management Market by Product Type [Shipment Analysis by Value from 2018 to 2030]:

Customer Order Management

Service Order Management

Service Inventory Management

0

Telecom Order Management Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Telecom Order Management Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies telecom order management companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the telecom order management companies profiled in this report include-

IBM Corporation

Oracle Corporation

Cognizant

Ericsson

Fujitsu Limited

Pegasystems

Infosys Limited

Wipro Limited

Comarch SA

Cerillion

## Telecom Order Management Market Insights

Lucintel forecasts that cloud is expected to witness highest growth over the forecast period.

Within this market, customer order management will remain the largest segment.

APAC is expected to witness highest growth over the forecast period.

## Features of the Global Telecom Order Management Market

**Market Size Estimates:** Telecom order management market size estimation in terms of value (\$B).

**Trend and Forecast Analysis:** Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

**Segmentation Analysis:** Telecom order management Market size by various segments, such as by component, deployment model, product type, and region in terms of value (\$B).

**Regional Analysis:** Telecom order management Market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

**Growth Opportunities:** Analysis of growth opportunities in different components, deployment models, product types, and regions for the telecom order management market.

**Strategic Analysis:** This includes M&A, new product development, and competitive landscape of the telecom order management market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

## FAQ

**Q.1** What is the telecom order management market size?

**Answer:** The global telecom order management market is expected to reach an estimated \$8.8 billion by 2030.

**Q.2** What is the growth forecast for telecom order management market?

**Answer:** The global telecom order management Market is expected to grow with a CAGR of 10.0% from 2024 to 2030

**Q.3** What are the major drivers influencing the growth of the telecom order management market?

**Answer:** The major drivers for this market are growing number of connectivity devices

and subscribers, increasing demand for advanced order management tools to develop personalized customer order and services, and rising demand for network installations across the rural areas.

Q4. What are the major segments for telecom order management market?

Answer: The future of the telecom order management market looks promising with opportunities in the customer order management, service order management, and service inventory management markets.

Q5. Who are the key telecom order management market companies?

Answer: Some of the key telecom order management market companies are as follows:  
%li%IBM Corporation %li%Oracle Corporation %li%Cognizant %li%Ericsson  
%li%Fujitsu Limited %li%Pegasystems %li%Infosys Limited %li%Wipro Limited  
%li%Comarch SA %li%Cerillion

Q6. Which telecom order management market segment will be the largest in future?

Answer: Lucintel forecasts that cloud is expected to witness highest growth over the forecast period.

Q7. In telecom order management market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness highest growth over the forecast period.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the telecom order management market by component (solutions and services), deployment model (on-premise and cloud), product type (customer order management, service order management, and service inventory management), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to telecom order management market or related to telecom order management companies, telecom order management market size, telecom order management market share, telecom order management market growth, telecom order management market research, write Lucintel analyst at email: [helpdesk@lucintel.com](mailto:helpdesk@lucintel.com) we will be glad to get back to you soon.

## Contents

### **1. EXECUTIVE SUMMARY**

### **2. GLOBAL TELECOM ORDER MANAGEMENT MARKET : MARKET DYNAMICS**

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

### **3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030**

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Telecom Order Management Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Telecom Order Management Market by Component

3.3.1: Software

3.3.2: Service

3.4: Global Telecom Order Management Market by Deployment Model

3.4.1: On-Premise

3.4.2: Cloud

3.5: Global Telecom Order Management Market by Product Type

3.5.1: Customer Order Management

3.5.2: Service Order Management

3.5.3: Service Inventory Management

### **4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030**

4.1: Global Telecom Order Management Market by Region

4.2: North American Telecom Order Management Market

4.2.1: North American Telecom Order Management Market by Deployment Model: On-Premise and Cloud

4.2.2: North American Telecom Order Management Market by Product Type: Customer Order Management, Service Order Management, and Service Inventory Management

4.3: European Telecom Order Management Market

4.3.1: European Telecom Order Management Market by Deployment Model: On-Premise and Cloud

4.3.2: European Telecom Order Management Market by Product Type: Customer Order Management, Service Order Management, and Service Inventory Management

4.4: APAC Telecom Order Management Market

4.4.1: APAC Telecom Order Management Market by Deployment Model: On-Premise and Cloud

4.4.2: APAC Telecom Order Management Market by Product Type: Customer Order Management, Service Order Management, and Service Inventory Management

4.5: ROW Telecom Order Management Market

4.5.1: ROW Telecom Order Management Market by Deployment Model: On-Premise and Cloud

4.5.2: ROW Telecom Order Management Market by Product Type: Customer Order Management, Service Order Management, and Service Inventory Management

## **5. COMPETITOR ANALYSIS**

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

## **6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS**

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Telecom Order Management Market by Component

6.1.2: Growth Opportunities for the Global Telecom Order Management Market by Deployment Model

6.1.3: Growth Opportunities for the Global Telecom Order Management Market by Product Type

6.1.4: Growth Opportunities for the Global Telecom Order Management Market by Region

6.2: Emerging Trends in the Global Telecom Order Management Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Telecom Order Management Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Telecom Order Management Market

6.3.4: Certification and Licensing

## **7. COMPANY PROFILES OF LEADING PLAYERS**

- 7.1: IBM Corporation
- 7.2: Oracle Corporation
- 7.3: Cognizant
- 7.4: Ericsson
- 7.5: Fujitsu Limited
- 7.6: Pegasystems
- 7.7: Infosys Limited
- 7.8: Wipro Limited
- 7.9: Comarch SA
- 7.10: Cerillion
