### Turbine Control System Trends and Forecast

The future of the global turbine control system market looks promising with opportunities in the steam and gas markets. The global turbine control system market is expected to reach an estimated \$24.9 billion by 2030 with a CAGR of 4.3% from 2024 to 2030. The major drivers for this market are significantly growing renewable energy infrastructure, advancements in control technologies, and modernization and upgradation of existing power plants.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

### Turbine Control System by Segment

The study includes a forecast for the global turbine control system by component, function type, end use, and region.

Turbine Control System Market by Component [Shipment Analysis by Value from 2018 to 2030]:

Sensors

Human-Machine Interface

Controller

Software

Turbine Control System Market by Function Type [Shipment Analysis by Value from 2018 to 2030]:

Speed

Temperature

Pressure

Others

Turbine Control System Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Steam

Gas

Others

Turbine Control System Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

## List of Turbine Control System Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies turbine control system companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the turbine control system companies profiled in this report include-

Rockwell Automation

Heinzmann

Mitsubishi Heavy Industries

Honeywell

Woodward

ABB

Hitachi

General Electric Company

Emerson Electric

Petrotech

## Turbine Control System Market Insights

Lucintel forecasts that sensor will remain the largest segment over the forecast period due to its critical role in data acquisition and its adoption in a wide range of applications.

Within this market, steam is expected to witness the higher growth due to modernization and upgradation of existing steam power plants.

APAC is expected to witness highest growth over the forecast period due to rapidly developing economies and strong investment in infrastructure.

## Features of the Global Turbine Control System Market

**Market Size Estimates:** Turbine control system market size estimation in terms of value (\$B).

**Trend and Forecast Analysis:** Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

**Segmentation Analysis:** Turbine control system market size by component, function type, end use, and region in terms of value (\$B).

**Regional Analysis:** Turbine control system market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

**Growth Opportunities:** Analysis of growth opportunities in different components, function types, end uses, and regions for the turbine control system market.

**Strategic Analysis:** This includes M&A, new product development, and competitive landscape of the turbine control system market.

**Analysis of competitive intensity of the industry based on Porter's Five Forces model.**

## FAQ

**Q1. What is the turbine control system market size?**

**Answer:** The global turbine control system market is expected to reach an estimated \$24.9 billion by 2030.

**Q2. What is the growth forecast for turbine control system market?**

**Answer:** The global turbine control system market is expected to grow with a CAGR of 4.3% from 2024 to 2030.

**Q3. What are the major drivers influencing the growth of the turbine control system market?**

Answer: The major drivers for this market are significantly growing renewable energy infrastructure, advancements in control technologies, and modernization and upgradation of existing power plants.

Q4. What are the major segments for turbine control system market?

Answer: The future of the turbine control system market looks promising with opportunities in the steam and gas markets.

Q5. Who are the key turbine control system market companies?

Answer: Some of the key turbine control system companies are as follows:

Rockwell Automation

Heinzmann

Mitsubishi Heavy Industries

Honeywell

Woodward

ABB

Hitachi

General Electric Company

Emerson Electric

Petrotech

Q6. Which turbine control system market segment will be the largest in future?

Answer: Lucintel forecasts that sensor will remain the largest segment over the forecast period due to its critical role in data acquisition and its adoption in a wide range of

applications.

Q7. In turbine control system market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness highest growth over the forecast period due to rapidly developing economies and strong investment in infrastructure.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the turbine control system market by component (sensors, human-machine interface, controller, and software), function type (speed, temperature, pressure, and others), end use (steam, gas, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to Turbine Control System Market, Turbine Control System Market Size, Turbine Control System Market Growth, Turbine Control System Market Analysis, Turbine Control System Market Report, Turbine Control System Market Share, Turbine Control System Market Trends, Turbine Control System Market Forecast, Turbine Control System Companies, write Lucintel analyst at email: [helpdesk@lucintel.com](mailto:helpdesk@lucintel.com). We will be glad to get back to you soon.

## Contents

### **1. EXECUTIVE SUMMARY**

### **2. GLOBAL TURBINE CONTROL SYSTEM MARKET : MARKET DYNAMICS**

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

### **3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030**

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Turbine Control System Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Turbine Control System Market by Component

3.3.1: Sensors

3.3.2: Human-Machine Interface

3.3.3: Controller

3.3.4: Software

3.4: Global Turbine Control System Market by Function Type

3.4.1: Speed

3.4.2: Temperature

3.4.3: Pressure

3.4.4: Others

3.5: Global Turbine Control System Market by End Use

3.5.1: Steam

3.5.2: Gas

3.5.3: Others

### **4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030**

4.1: Global Turbine Control System Market by Region

4.2: North American Turbine Control System Market

4.2.1: North American Turbine Control System Market by Component: Sensors, Human-Machine Interface, Controller, and Software

4.2.2: North American Turbine Control System Market by End Use: Steam, Gas, and Others

#### 4.3: European Turbine Control System Market

4.3.1: European Turbine Control System Market by Component: Sensors, Human-Machine Interface, Controller, and Software

4.3.2: European Turbine Control System Market by End Use: Steam, Gas, and Others

#### 4.4: APAC Turbine Control System Market

4.4.1: APAC Turbine Control System Market by Component: Sensors, Human-Machine Interface, Controller, and Software

4.4.2: APAC Turbine Control System Market by End Use: Steam, Gas, and Others

#### 4.5: ROW Turbine Control System Market

4.5.1: ROW Turbine Control System Market by Component: Sensors, Human-Machine Interface, Controller, and Software

4.5.2: ROW Turbine Control System Market by End Use: Steam, Gas, and Others

### **5. COMPETITOR ANALYSIS**

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

### **6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS**

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Turbine Control System Market by Component

6.1.2: Growth Opportunities for the Global Turbine Control System Market by Function Type

6.1.3: Growth Opportunities for the Global Turbine Control System Market by End Use

6.1.4: Growth Opportunities for the Global Turbine Control System Market by Region

6.2: Emerging Trends in the Global Turbine Control System Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Turbine Control System Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Turbine Control System Market

6.3.4: Certification and Licensing

### **7. COMPANY PROFILES OF LEADING PLAYERS**

7.1: Rockwell Automation

- 7.2: Heinzmann
- 7.3: Mitsubishi Heavy Industries
- 7.4: Honeywell
- 7.5: Woodward
- 7.6: ABB
- 7.7: Hitachi
- 7.8: General Electric Company
- 7.9: Emerson Electric
- 7.10: Petrotech

## I would like to order

Product name: Turbine Control System Market Report: Trends, Forecast and Competitive Analysis to 2030

Product link: <https://marketpublishers.com/r/T14C850F0394EN.html>

Price: US\$ 4,850.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
