Abstracts

Underwater Concrete Market Trends and Forecast

The future of the underwater concrete market looks promising with opportunities in various applications, such as hydro projects, marine constructions, metro projects, and underwater repair systems. The global underwater concrete market is expected to grow with a CAGR of 8% to 10% from 2023 to 2028. The major drivers for this market are increasing need for repair and maintenance of the existing underwater structures, increasing spending of governments to increase operational efficiency and capacity expansion of ports, hydro projects, and marine construction, and rising demand in building coast protection application.

Underwater Concrete Market

A more than 150-page report is developed to help in your business decisions. A sample figure with some insights is shown below. To learn the scope, benefits, companies researched and other details of the global underwater concrete market report, please download the report brochure.

Underwater Concrete Market by Segments

Underwater Concrete Market by Segments

The study includes trends and forecast for the global underwater concrete market by raw material, application, and region, as follows:

Underwater Concrete Market by Raw Material [Value (\$B) Shipment Analysis from 2017 to 2028]:

Concrete

Admixtures

Others

Underwater Concrete Market by Application [Value (\$B) Shipment Analysis from 2017 to 2028]:

Hydro Projects
Marine Constructions
Metro Projects
Underwater Repair
Others

Underwater Concrete Market by Region [Value (\$B) Shipment Analysis from 2017 to 2028]:

North America
Europe
Asia Pacific
The Rest of the World

List of Underwater Concrete Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies, underwater concrete companies cater to increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the underwater concrete companies profiled in this report include-

Cemex S.A.B. De
Conmix
Sika
Lafarge Tarmac
Five Star Products Inc.
Heidelberg Cement Group
Wieser Concrete
Rockbond SCP Ltd
FOX Industries

Underwater Concrete Market Insights

Lucintel forecasts that admixtures will remain the largest raw material segment over the

forecast period due to increasing efficiency of materials by improving cohesiveness of concrete and preventing the concrete from segregating in water.

Within this market, hydro projects are expected to remain the largest application segment due to growing efforts by the governments around the world for the development and adoption of renewable and clean hydro energy.

North America will remain the largest region due to the rising usage of underwater concrete in the construction of hydropower plants in emerging countries and increasing population and urbanization, which are resulting in the need for more housing and infrastructure development.

Features of the Underwater Concrete Market

Market Size Estimates: Underwater concrete market size estimation in terms of value (\$B)

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Underwater concrete market size by various segments, such as raw material and application

Regional Analysis: Underwater concrete market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different raw materials, applications, and regions for the underwater concrete market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the underwater concrete market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the underwater concrete market size?

Answer: The global underwater concrete market is expected to reach an estimated \$xx billion by 2028.

Q2. What is the growth forecast for underwater concrete market?

Answer: The global underwater concrete market is expected to grow with a CAGR of 8% to 10% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the underwater concrete market?

Answer: The major drivers for this market are increasing need for repair and maintenance of the existing underwater structures, increasing spending of governments to increase operational efficiency and capacity expansion of ports, hydro projects, and marine construction, and rising demand in building coast protection application.

Q4. What are the major segments for underwater concrete market?

Answer: The future of the underwater concrete market looks promising with opportunities in various applications, such as hydro projects, marine constructions, metro projects, and underwater repair systems.

Q5. Who are the key underwater concrete companies?

Answer: Some of the key underwater concrete companies are as follows:

Cemex S.A.B. De

Conmix

Sika

Lafarge Tarmac

Five Star Products

Heidelberg Cement Group

Wieser Concrete

Rockbond SCP

FOX Industries

Q6. Which underwater concrete segment will be the largest in future?

Answer: Lucintel forecasts that admixtures will remain the largest raw material segment over the forecast period due to increasing efficiency of material by improving cohesiveness of concrete and preventing the concrete from segregating in the water.

Q7. In underwater concrete market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region due to the rising usage of underwater concrete in the construction of hydropower plants in emerging countries and increasing population and urbanization, which are resulting in the need for more housing and infrastructure development.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the underwater concrete market by raw material (concrete, admixtures, and others), application (hydro projects, marine constructions, metro projects, underwater repair, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

- Q.5. What are the business risks and competitive threats in this market?
- Q.6. What are the emerging trends in this market and the reasons behind them?
- Q.7. What are some of the changing demands of customers in the market?
- Q.8. What are the new developments in the market? Which companies are leading these developments?
- Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?
- Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?
- Q.11. What M&A activity did occur in the last five years and how did they impact the industry?

For any questions related to underwater concrete market or related to underwater concrete companies, underwater concrete market size, underwater concrete market share, underwater concrete analysis, write Lucintel analyst at email: helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL UNDERWATER CONCRETE MARKET: MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2017 TO 2028

3.1: Macroeconomic Trends (2017-2022) and Forecast (2023-2028)

3.2: Global Underwater Concrete Market Trends (2017-2022) and Forecast (2023-2028)

3.3: Global Underwater Concrete Market by Raw Material

3.3.1: Concrete

3.3.2: Admixtures

3.3.3: Others

3.4: Global Underwater Concrete Market by Application

3.4.1: Hydro Projects

3.4.2: Marine Constructions

3.4.3: Metro Projects

3.4.4: Underwater Repair

3.4.5: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2017 TO 2028

4.1: Global Underwater Concrete Market by Region

4.2: North American Underwater Concrete Market

4.2.1: North American Underwater Concrete Market by Raw Material: Concrete, Admixtures, and Others

4.2.2: North American Underwater Concrete Market by Application: Hydro Projects, Marine Constructions, Metro Projects, Underwater Repair, and Others

4.3: European Underwater Concrete Market

4.3.1: European Underwater Concrete Market by Raw Material: Concrete, Admixtures, and Others

4.3.2: European Underwater Concrete Market by Application: Hydro Projects, Marine Constructions, Metro Projects, Underwater Repair, and Others

4.4: APAC Underwater Concrete Market

4.4.1: APAC Underwater Concrete Market by Raw Material: Concrete, Admixtures, and Others

4.4.2: APAC Underwater Concrete Market by Application: Hydro Projects, Marine Constructions, Metro Projects, Underwater Repair, and Others

4.5: ROW Underwater Concrete Market

4.5.1: ROW Underwater Concrete Market by Raw Material: Concrete, Admixtures, and Others

4.5.2: ROW Underwater Concrete Market by Application: Hydro Projects, Marine Constructions, Metro Projects, Underwater Repair, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Underwater Concrete Market by Raw Material

6.1.2: Growth Opportunities for the Global Underwater Concrete Market by Application

6.1.3: Growth Opportunities for the Global Underwater Concrete Market by Region

6.2: Emerging Trends in the Global Underwater Concrete Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Underwater Concrete Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Underwater Concrete Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Cemex S.A.B. De

7.2: Conmix

7.3: Sika

7.4: Lafarge Tarmac

7.5: Five Star Products

- 7.6: Heidelberg Cement Group
- 7.7: Wieser Concrete
- 7.8: Rockbond SCP
- 7.9: FOX Industries
