## Abstracts

The US HVAC equipment market is expected to grow at a CAGR of 3.3% during 2015-2020. The major driver of the US HVAC equipment market is increasing building construction and replacement activities, which have contributed to the growth of this market. Another important factor that drive this market is availability of easy financing, technological developments and rise in consumer spending on luxury goods and services, helps to drive the demand of HVAC systems in US. Energy cost, resource, and greenhouse gas emission restrictions are driving the demand for energy efficient HVAC systems for commercial, institutional as well as residential buildings.

Lucintel, a leading global management consulting and market research firm, has analyzed the US HVAC equipment market by various segments and regions, and has come up with a comprehensive research report "US HVAC Equipment Market 2015-2020: Trends, Forecast, and Opportunity Analysis." This report provides an analysis of HVAC equipment market, including analysis of market trends, competitive landscapes, company profiles, emerging trends, and key drivers of industry growth. The study also includes US HVAC equipment market forecasts through 2020, segmented by products and applications as follows:

The US HVAC equipment market segmented by products: Furnace Heat Pump Central AC Room AC Others

The US HVAC equipment market by applications: Residential Commercial

On the basis of its comprehensive research, Lucintel forecasts that the US HVAC equipment market is expected to depict a high growth during 2015-2020. Heat pump market will remain the largest segment in terms of value during the forecast period.

Increasing building construction activities is the major driving force of the industry. United Technologies Corporation, Lennox International Inc., and Johnsons Control Inc. are some of the players in the US HVAC equipment market.

This unique report from Lucintel will provide you with valuable information, insights, and tools needed to identify new growth opportunities and operate your business successfully in this market. This report will save hundreds of hours of your own personal research time and will significantly benefit you in expanding your business in this market. In today's stringent economy, you need every advantage that you can find.

To make business, investment, and strategic decisions, you need timely, useful information. This market report fulfills this core need and is an indispensable reference guide for multinational materials suppliers, product manufacturers, investors, executives, distributors, and many more that operate in this market.

Some of the features of "US HVAC Equipment Market 2015-2020: Trends, Forecast, and Opportunity Analysis" include:

Market size estimates: US HVAC equipment market size estimation in terms of value (\$B). Trend and forecast analysis: US HVAC equipment market trend (2009-2014) and forecast (2015-2020) by applications and by segments. Segmentation analysis: US HVAC equipment market size by various application such as residential and commercial, and by various products such as furnace, heat pump, central ac, room ac and others in terms of value (\$B). Growth opportunities: Analysis on growth opportunities by different applications and products. Strategic analysis: This includes M&A, new product development, competitive landscape, and expansion strategies of US HVAC equipment suppliers. Emerging applications: Emerging applications of US HVAC equipment market in various markets. Analysis of competitive intensity of the industry based on Porter's Five Forces model.

## Contents

### **1. EXECUTIVE SUMMARY**

### **2. US HVAC EQUIPMENT MARKET BACKGROUND AND CLASSIFICATIONS**

#### 2.1: Introduction

2.1.1: Industry classification

2.1.2: Markets served

2.1.3: Supply chain

### **3. MARKET TREND AND FORECAST ANALYSIS**

#### 3.1: Market analysis 2014

3.1.1: US HVAC equipment market by value

3.1.2: US HVAC equipment market by value

3.1.3: Macroeconomic trend

3.1.4: Market drivers and challenges

#### 3.2: Market forecast 2015-2020

3.2.1: Macroeconomic forecast

### **4. COMPETITOR ANALYSIS**

#### 4.1: Product portfolio analysis

#### 4.2: Market share analysis

#### 4.3: Porter's Five Forces Analysis

### **5. GROWTH OPPORTUNITY & STRATEGIC ANALYSIS**

#### 5.1: Growth opportunities analysis

#### 5.2: Emerging trends in US HVAC equipment market

#### 5.3: Strategic analysis

5.3.1: New product development

#### 5.4: Innovations in US HVAC equipment market

#### 5.5: Mergers and acquisitions in US HVAC equipment market

### **6. COMPANY PROFILES OF LEADING PLAYERS**
