Vacuum Truck Trends and Forecast

The future of the global vacuum truck market looks promising with opportunities in the industrial, excavation, municipal, and general cleaning markets. The global vacuum truck market is expected to reach an estimated \$2.6 billion by 2030 with a CAGR of 6.1% from 2024 to 2030. The major drivers for this market are rise in environmental consciousness, growing need for industrial cleaning applications, and boom in the demand for waste management.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Vacuum Truck by Segment

The study includes a forecast for the global vacuum truck by product type, fuel type, application, and region.

Vacuum Truck Market by Product Type [Shipment Analysis by Value from 2018 to 2030]:

Dry & Liquid Suctioning

Liquid Suctioning

Vacuum Truck Market by Fuel Type [Shipment Analysis by Value from 2018 to 2030]:

Electric

Ice

Vacuum Truck Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Industrial

Excavation

Municipal

General Cleaning

Others

Vacuum Truck Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Vacuum Truck Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies vacuum truck companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the vacuum truck companies profiled in this report include-

Rivard

FULONGMA

Keith Huber

Vac-Con

KOKS

Kanematsu Engineering

CAPPELLOTTO

Vacuum Truck Market Insights

Lucintel forecasts that dry and liquid suctioning will remain the larger segment over the forecast period because it is especially crucial for sectors of the economy that generate a lot of waste or are subject to tight laws governing the collection and disposal of waste.

Europe will remain the largest region over the forecast period due to presence of established manufacturers and high market penetration, increasing construction activities, launch of new product variants, as well as, integration of advanced technologies.

Features of the Global Vacuum Truck Market

Market Size Estimates: Vacuum truck market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Vacuum truck market size by product type, fuel type, application, and region in terms of value (\$B).

Regional Analysis: Vacuum truck market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different product type, fuel type, application, and regions for the vacuum truck market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the vacuum truck market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the vacuum truck market size?

Answer: The global vacuum truck market is expected to reach an estimated \$2.6 billion by 2030.

Q2. What is the growth forecast for vacuum truck market?

Answer: The global vacuum truck market is expected to grow with a CAGR of 6.1% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the vacuum truck market?

Answer: The major drivers for this market are rise in environmental consciousness, growing need for industrial cleaning applications, and boom in the demand for waste management.

Q4. What are the major segments for vacuum truck market?

Answer: The future of the global vacuum truck market looks promising with opportunities in the industrial, excavation, municipal, and general cleaning markets.

Q5. Who are the key vacuum truck market companies?

Answer: Some of the key vacuum truck companies are as follows:

Rivard

FULONGMA

Keith Huber

Vac-Con

KOKS

Kanematsu Engineering

CAPPELLOTTO

Q6. Which vacuum truck market segment will be the largest in future?

Answer: Lucintel forecasts that dry and liquid suctioning will remain the larger segment over the forecast period because it is especially crucial for sectors of the economy that generate a lot of waste or are subject to tight laws governing the collection and disposal of waste.

Q7. In vacuum truck market, which region is expected to be the largest in next 5 years?

Answer: Europe will remain the largest region over the forecast period due to presence of established manufacturers and high market penetration, increasing construction activities, launch of new product variants, as well as, integration of advanced technologies.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the vacuum truck market by product type (dry & liquid suctioning and liquid suctioning), fuel type (electric and ice), application (industrial, excavation, municipal, general cleaning, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
