Abstracts

The value chain in the carbon fiber market is diverse and continually evolving. Lucintel identifies major players, opportunity size, and profitability across various nodes of the carbon fiber value chain. The future of the carbon fiber market looks attractive with opportunities in the aerospace, industrial, and sporting goods industries. The global carbon fiber market is to grow at a CAGR of 6.7% from 2022 to 2027. The major drivers for market growth are growing demand for lightweight composite materials, increasing length of wind blade, development of wide body aircrafts with high composites content, and increasing performance requirements in the end use industries.

Lucintel, a leading global management consulting and market research firm, has analyzed the value chain of the carbon fiber market and has come up with a comprehensive research report, "Value Chain Analysis of the Carbon Fiber Market". The report suggests valuable insights for sales and marketing professionals interested in the industry.

The study includes following discussion points on carbon fiber value chain on a global level:

Industry outlook

Major players at various nodes of the value chain

Market size (\$) at various nodes of the value chain

Profitability analysis at various nodes of the value chain

Designed for the industry professionals, financial services firms, and users of carbon

fiber, this report titled "Value Chain Analysis of the Carbon Fiber Market" is a comprehensive study providing valuable key insights across the various nodes of the carbon fiber value chain. A total of 5 figures/charts and 5 tables are provided in this 30-page report to help in your business decisions. To learn the scope, benefits and other details of this report, download the report brochure. This report will save hundreds of hours of your own personal research time and will significantly benefit you in understanding the dynamics in the carbon fiber value chain.

Contents

1. MARKET OVERVIEW

- 1.1: Industry Outlook
- 1.2: Industry Drivers and Challenges

2. VALUE CHAIN ANALYSIS

- 2.1: Value Chain in the Global Carbon Fiber Market
- 2.2: Major Players across the Value Chain
- 2.3: Market Size Analysis at Various Nodes of the Value Chain
 - 2.3.1: Profitability Analysis at Various Nodes of the Value Chain
