Vehicle Anti-Theft System Trends and Forecast

The future of the global vehicle anti-theft system market looks promising with opportunities in the OEM and aftermarket markets. The global vehicle anti-theft system market is expected to reach an estimated \$22.5 billion by 2030 with a CAGR of 6.8% from 2024 to 2030. The major drivers for this market are increasing number of car thefts and vandalism cases and rising adoption of vehicle telematics and connected car technologies.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Vehicle Anti-Theft System by Segment

The study includes a forecast for the global vehicle anti-theft system by product type, technology, sales channel, and region.

Vehicle Anti-Theft System Market by Product Type [Shipment Analysis by Value from 2018 to 2030]:

Alarm

Biometric Capture Device

Passive Keyless Entry

Central Locking System

Immobilizer

Steering Lock

Vehicle Anti-Theft System Market by Technology [Shipment Analysis by Value from 2018 to 2030]:

Real-Time Location Systems

Automotive Biometric Technologies

Global Positioning System

Remote Frequency Identification Device

Others

Vehicle Anti-Theft System Market by Sales Channel [Shipment Analysis by Value from 2018 to 2030]:

OEM

Aftermarket

Vehicle Anti-Theft System Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

Vehicle Anti-Theft System Market Report: Trends, Forecast and Competitive Analysis to 2030

The Rest of the World

List of Vehicle Anti-Theft System Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies vehicle anti-theft system companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the vehicle anti-theft system companies profiled in this report include-

Aptiv Marquardt Group Stoneridge Robert Bosch HELLA Denso Corporation Continental Huf Hulsbeck & Furst

Tokai Rika Electric

Vehicle Anti-Theft System Market Insights

Lucintel forecasts that biometric capture device is expected to witness the highest growth over the forecast period.

Within this market, aftermarket is expected to witness higher growth over the forecast period.

APAC is expected to witness the highest growth over the forecast period.

Features of the Global Vehicle Anti-Theft System Market

Market Size Estimates: Vehicle anti-theft system market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Vehicle anti-theft system market size by product type, technology, sales channel, and region in terms of value (\$B).

Regional Analysis: Vehicle anti-theft system market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different product types, technologies, sales channels, and regions for the vehicle anti-theft system market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the vehicle anti-theft system market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the vehicle anti-theft system market size?

Answer: The global vehicle anti-theft system market is expected to reach an estimated \$22.5 billion by 2030.

Q2. What is the growth forecast for vehicle anti-theft system market?

Answer: The global vehicle anti-theft system market is expected to grow with a CAGR of 6.8% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the vehicle anti-theft system market?

Answer: The major drivers for this market are increasing number of car thefts and vandalism cases and rising adoption of vehicle telematics and connected car technologies.

Q4. What are the major segments for vehicle anti-theft system market?

Answer: The future of the vehicle anti-theft system market looks promising with opportunities in the OEM and aftermarket markets.

Q5. Who are the key vehicle anti-theft system market companies?

Answer: Some of the key vehicle anti-theft system companies are as follows:

Aptiv

Marquardt Group

Stoneridge

Robert Bosch

HELLA

Denso Corporation

Continental

Huf Hulsbeck & Furst

Valeo

Tokai Rika Electric

Q6. Which vehicle anti-theft system market segment will be the largest in future?

Answer: Lucintel forecasts that biometric capture device is expected to witness the highest growth over the forecast period.

Q7. In vehicle anti-theft system market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness the highest growth over the forecast period.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the vehicle antitheft system market by product type (alarm, biometric capture device, passive keyless entry, central locking system, immobilizer, and steering lock), technology (real-time location systems, automotive biometric technologies, global positioning system, remote frequency identification device, and others), sales channel (OEM and aftermarket), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players

pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
