Vials and Bottles Market in the Healthcare Industry Trends and Forecast

The future of the the vial and bottle market in the global healthcare industry looks promising with opportunities in the research labs, clinical research, pharmaceutical companies, compounding pharmacies, hospitals, and healthcare centers. The vial and bottle market in the global healthcare industry is expected to \$26.4 billion by 2027 with a CAGR of 4.9% from 2022 to 2027. The major drivers for this market are growth in pharmaceutical industry, and increasing healthcare expenditure and awareness.

Emerging Trends in the Vials and Bottles Market in the Healthcare Industry

Emerging trend, which has a direct impact on the dynamics of the industry, includes adoption of blow-fill-seal technology in vials and bottles, growing demand for bio based and recyclable material for production of vials and bottles, and increasing adoption of advanced plastic bottles.

A total of 129 figures / charts and 102 tables are provided in this 227-page report to help in your business decisions. A sample figure with some insights is shown below. To learn the scope of, benefits, companies researched and other details of vial and bottle market in the healthcare industry report download the report brochure. Growth in various segments of the vials and bottles market in the global healthcare industry are given below:

Vials and Bottles Market in the Healthcare Industry by Segment

In this market, glass is the largest material market, whereas pharmaceutical companies is largest market by end use.

The study includes trends and forecast for the vial and bottle in the global healthcare industry by product, material, capacity, end use, and region as follows:

Vials and Bottles Market in the Healthcare Industry By Product [\$B shipment analysis from 2016 to 2027]:

Vials

Bottles

Vials and Bottles Market in the Healthcare Industry By Material [\$B shipment analysis from 2016 to 2027]:

Glass

Plastics

Vials and Bottles Market in the Healthcare Industry By Capacity [\$B shipment analysis from 2016 to 2027]:

0-5 ML

5-10 ML

10-20 ML

20-50 ML

50 ML and Above

Vials and Bottles Market in the Healthcare Industry By End Use [\$B shipment analysis

from 2016 to 2027]:

Research Lab and Clinical Research

Pharmaceutical Companies

Compounding Pharmacies

Hospitals and Healthcare Centres

Others

Vials and Bottles Market in the Healthcare Industry By Region [\$B shipment analysis from 2016 to 2027]:

North America

o United States

o Canada

o Mexico

Europe

o Germany

o United Kingdom

Asia Pacific

o China

o Japan

o India

The Rest of the World

o Brazil

List of Vials and Bottles Market in the Global Healthcare Industry Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies vials and bottles market in the global healthcare industry companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the vials and bottles market in the global healthcare industry companies profiled in this report includes.

Gerresheimer

Schott

Nipro

Amcor

Becton Dickinson & Co.

Berry Global

Baxter International

Corning

West Pharmaceutical

AptarGroup

O.Berk

Vials and Bottles Market in the Global Healthcare Industry Insights

Lucintel forecasts that the glass will remain the largest material type over the forecast period, as it is inert in nature and available in a variety of grades having significant barrier properties.

Within this market, pharmaceuticals will remain the largest end use segment over the forecast period due to introduction of new medicines and growth of drug production.

North America will remain the largest region over the forecast period due to presence of large pharmaceutical manufacturing base in the region, technological innovation, and increasing demand for vials and bottles in the pharmaceutical industry.

Features of the Vials and Bottles Market in the Global Healthcare Industry

Market Size Estimates: Vials and bottles market in the global healthcare industry market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2016-2021) and forecast (2022-2027) by various segments and regions.

Segmentation Analysis: Vials and bottles market in the global healthcare industry market size by various segments, such as product, material, capacity, and end use.

Regional Analysis: Vials and bottles market in the global healthcare industry market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different product, material, capacity, end use, and regions for vials and bottles market in the global healthcare industry market.

Strategic Analysis: This includes M&A and competitive landscape for the vials

and bottles market in the global healthcare industry.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the vials and bottles market in the global healthcare industry market size?

Answer: The global vials and bottles market in the global healthcare industry market is expected to reach an estimated \$24.6 billion by 2027.

Q2. What is the growth forecast for vials and bottles market in the global healthcare industry market?

Answer: The vials and bottles market in the global healthcare industry market is expected to grow at a CAGR of 5.1% from 2022 to 2027.

Q3. What are the major drivers influencing the growth of the vials and bottles market in the global healthcare industry market?

Answer: The major drivers for this market are growth in pharmaceutical industry, and increasing healthcare expenditure and awareness.

Q4. What are the major applications or end use industries for vials and bottles market in the global healthcare industry?

Answer: Research Labs and Clinical Research, Pharmaceutical Companies, Compounding Pharmacies, Hospitals & Healthcare Centres, and are the major end use for vials and bottles market in the global healthcare industry

Q5. What are the emerging trends in vials and bottles market in the global healthcare industry market?

Answer: Emerging trend, which has a direct impact on the dynamics of the industry, includes adoption of blow-fill-seal technology in vials and bottles, growing demand for bio based and recyclable material for production of vials and bottles, and increasing adoption of advanced plastic bottles.

Q6. Who are the key vials and bottles market in the global healthcare industry companies?

Answer: Some of the key vials and bottles market in the global healthcare industry companies are as follows:

Gerresheimer

Schott

Nipro

Amcor

Becton Dickinson & Co.

Berry Global

Baxter International

Corning

West Pharmaceutical

AptarGroup

O.Berk

Q7. Which vials and bottles market in the global healthcare industry product segment will be the largest in future?

Answer: Lucintel forecasts that the glass will remain the largest material type over the forecast period, as it is inert in nature and available in a variety of grades having significant barrier properties.

Q8: In vials and bottles market in the global healthcare industry market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period due to presence of large pharmaceutical manufacturing base in the region, technological innovation, and increasing demand for vials and bottles in the pharmaceutical industry.

Q9. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1 What are some of the most promising potential, high-growth opportunities for the vials and bottles market in the global healthcare industry by product (vials and bottles), material (glass and plastic), capacity (0-5 ml, 5-10 ml, 10-20 ml, 20-50 ml, and 50 ml and above), end use (research labs and clinical research, pharmaceutical companies, compounding pharmacies, hospitals and healthcare centers, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2 Which segments will grow at a faster pace and why?

Q.3 Which regions will grow at a faster pace and why?

Q.4 What are the key factors affecting market dynamics? What are the drivers and challenges of the vials and bottles market in the global healthcare industry market?

Q.5 What are the business risks and threats to the vials and bottles market in the global healthcare industry market?

Q.6 What are emerging trends in this vials and bottles market in the global healthcare industry market and the reasons behind them?

Q.7 What are some changing demands of customers in the vials and bottles market in the global healthcare industry market?

Q.8 What are the new developments in the vials and bottles market in the global healthcare industry market? Which companies are leading these developments?

Q.9 Who are the major players in the vials and bottles market in the global healthcare industry market? What strategic initiatives are being implemented by key players for

business growth?

Q.10 What are some of the competitive products and processes in the vials and bottles market in the global healthcare industry market, and how big of a threat do they pose for loss of market share via material or product substitution?

Q.11 What M&A activities did take place in the last five years in the vials and bottles market in the global healthcare industry market?

For any questions related to vials and bottles market in the global healthcare industry or related to vials and bottles market in the global healthcare industry share, vials and bottles market in the global healthcare industry analysis, and vials and bottles market in the global healthcare industry size, write to Lucintel analysts at helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. MARKET BACKGROUND AND CLASSIFICATIONS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2016 TO 2027

3.1: Macroeconomic Trends (2016-2021) and Forecast (2022-2027)

3.2: The Vial and Bottle Market in the Global Healthcare Industry Trends (2016-2021) and Forecast (2022-2027)

3.3: The Vial and Bottle Market in the Global Healthcare Industry by Product

3.3.1 : Vials

3.3.2: Bottles

3.4: The Vial and Bottle Market in the Global Healthcare Industry by Material

3.4.1: Glass

3.4.2: Plastics

3.5: The Vial and Bottle Market in the Global Healthcare Industry by Capacity

3.5.1: 0-5 ML

3.5.2: 5-10 ML

3.5.3: 10-20 ML

3.5.4: 20-50 ML

3.5.5: 50 ML and Above

3.6: The Vial and Bottle Market in the Global Healthcare Industry by End Use

3.6.1: Research Laboratories and Clinical Research

3.6.2: Pharmaceutical Companies

3.6.3: Compounding Pharmacies

3.6.4: Hospitals and Healthcare Centers

3.6.5: Others

4. MARKET TRENDS AND FORECAST ANALYSIS FROM 2016 TO 2027 BY REGION

4.1: The Vial and Bottle Market in the Global Healthcare Industry by Region

4.2: The Vial and Bottle Market in the North American Healthcare Industry

4.2.1: Market by Product: Vials and Bottles

4.2.2: Market by Material: Glass and Plastic

4.2.3: Market by Capacity: 0-5 ML, 5-10 ML, 10-20 ML, 20-50 ML, and 50 ML and Above

4.2.4: Market by End Use: Research Laboratories and Clinical Research, Pharmaceutical Companies, Compounding Pharmacies, Hospitals and Healthcare Centers, and Others

4.2.5: The Vial and Bottle Market in the United States Healthcare Industry

4.2.6: The Vial and Bottle Market in the Canadian Healthcare Industry

4.2.7: The Vial and Bottle Market in the Mexican Healthcare Industry

4.3: The Vial and Bottle Market in the European Healthcare Industry

4.3.1: Market by Product: Vials and Bottles

4.3.2: Market by Material: Glass and Plastic

4.3.3: Market by Capacity: 0-5 ML, 5-10 ML, 10-20 ML, 20-50 ML, and 50 ML and Above

4.3.4: Market by End Use: Research Laboratories and Clinical Research, Pharmaceutical Companies, Compounding Pharmacies, Hospitals and Healthcare Centers, and Others .

4.3.5: The Vial and Bottle Market in the German Healthcare Industry

4.3.6: The Vial and Bottle Market in the United Kingdom Healthcare Industry.

4.4: The Vial and Bottle Market in the APAC Healthcare Industry

4.4.1: Market by Product: Vials and Bottles.

4.4.2: Market by Material: Glass and Plastic

4.4.3: Market by Capacity: 0-5 ML, 5-10 ML, 10-20 ML, 20-50 ML, and 50 ML and Above

4.4.4: Market by End Use: Research Laboratories and Clinical Research, Pharmaceutical Companies, Compounding Pharmacies, Hospitals and Healthcare Centers, and Others

4.4.5: The Vial and Bottle Market in the Chinese Healthcare Industry

4.4.6: The Vial and Bottle Market in the Japanese Healthcare Industry.

4.4.7: The Vial and Bottle Market in the Indian Healthcare Industry

4.5: The Vial and Bottle Market in the ROW Healthcare Industry

4.5.1: Market by Product: Vials and Bottles

4.5.2: Market by Material: Glass and Plastic

4.5.3: Market by Capacity: 0-5 ML, 5-10 ML, 10-20 ML, 20-50 ML, and 50 ML and Above

4.5.4: Market by End Use: Research Laboratories and Clinical Research, Pharmaceutical Companies, Compounding Pharmacies, Hospitals and Healthcare Centers, and Others

4.5.5: The Vial and Bottle Market in the Brazilian Healthcare Industry

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Market Share Analysis

5.3: Operational Integration

5.4: Geographical Reach

5.5: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Vial and Bottle Market in the Global Healthcare Industry by Product

6.1.2: Growth Opportunities for the Vial and Bottle Market in the Global Healthcare Industry by Material

6.1.3: Growth Opportunities for the Vial and Bottle Market in the Global Healthcare Industry by Capacity.

6.1.4: Growth Opportunities for the Vial and Bottle Market in the Global Healthcare Industry by End Use.

6.1.5: Growth Opportunities for the Vial and Bottle Market in the Global Healthcare Industry by Region

6.2 Emerging Trends in the Vial and Bottle Market in the Global Healthcare Industry

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Mergers, Acquisitions, and Joint Ventures in the Vial and Bottle Market in the Global Healthcare Industry

6.3.3: Capacity Expansion of the Vial and Bottle Market in the Global Healthcare Industry

6.3.4: Technological Developments

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Gerresheimer AG

7.2: Schott AG

7.3: Nipro Corporation

7.4: Amcor Ltd.

7.5: Becton Dickinson & Co.

- 7.6: Berry Global Group
- 7.7: Baxter International
- 7.8: Corning, Inc.
- 7.9: West Pharmaceutical Services
- 7.10: AptarGroup
- 7.11: O.Berk Co.
