Some of the Vitamin C companies profiled in this report include BASF SE, DSM, Amway, Abbott, Bayer, DuPont, Danisco, Nutraceuticals, GlaxoSmithKline, and Glanbia plc.

In this market, sodium ascorbate, calcium ascorbate, potassium ascorbate, magnesium ascorbate, and ascorbic acid are the major product types. Lucintel forecasts that sodium ascorbate will remain the largest segment over the forecast period because of its applications as reducing agents and antioxidants.

Within this market, food and beverage, pharmaceutical, beauty and personal cares, animal feed, and others are the major applications of Vitamin C. Food and beverage will remain the largest segment by application type over the forecast period due to growing nutritional deficiency of vitamin C because of fast-food consumption among the end-users.

Asia-Pacific is expected to witness the highest growth over the forecast period due to the growing consumer awareness on the benefits of vitamin C, availability of products, and high consumption of vitamin C products, and the increasing consumer concentration towards fitness along with rise in supplement consumption.
