Wine Cork Market Insights

Lucintel forecasts that natural is expected to witness the higher growth over the forecast period due to its capacity to grow and shrink to the necessary extent to maintain an airtight seal on a wine bottle.

Within this market, offline will remain the larger segment due to rising in robust structured wine retail network in both developed and developing countries.

Europe will remain the largest region over the forecast period due to increasing custom of drinking wine at festivities, festivals, weddings, and other family get-togethers in the region.
