Wire and Cable Market Trends and Forecast

The future of the wire and cable market looks promising with opportunities in the utilities, industrial, residential, and commercial sectors. The global wire and cable market is expected to reach an estimated \$164.3 billion by 2027 with a CAGR of 5.7% from 2021 to 2027. The major drivers for this market are growth in electricity consumption due to industrialization, urbanization, electrification of rural areas, and increasing construction activities.

A total of 107 figures / charts and 68 tables are provided in this 205-page report to help in your business decisions. A sample figure with insights is shown below. To learn the scope of benefits, companies researched, and other details of the wire and cable market report, please download the report brochure.

Wire and Cable Market by Segment

The study includes a forecast for the global wire and cable market by voltage type, end use industries, and region as follows:

Wire and Cable Market by Voltage Type [\$M shipment analysis for 2016 – 2027]:

Low Voltage

Medium Voltage

High Voltage

Wire and Cable Market by End Use Industries Market [\$M shipment analysis for 2016 – 2027]:

Utilities

Industrial

Residential

Commercial

Wire and Cable Market by Region [Value (\$B) shipment analysis for 2016 – 2027]:

North America

US

Canada

Mexico

Europe

Germany

The United Kingdom

France

Italy

Asia Pacific

China

Japan

India

South Korea

The Rest of the World

List of Wire and Cable Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies wire and cable companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the wire and cable companies profiled in this report includes.

Prysmian Group

Nexans S.A.

Leoni AG

NKT A/S

Sumitomo Electric Industries

Encore Wire Corporation

KEI Industries Limited

Southwire

Wire and Cable Market Insight

Lucintel forecasts that low voltage cable is expected to remain the largest segment and it is also expected to witness the highest growth over the forecast period due to growth in construction as well as automotive sector, especially in China and India.

Utilities are expected to remain the largest end use market due to the continuous expansion in electrical infrastructure to fulfill growing electricity demand.

The residential segment is expected to witness the highest growth in the forecast period supported by increasing construction activities and increasing demand for heating, cooling, and air-conditioning (HVAC) equipment..

Asia Pacific is expected to remain the largest market over the forecast period due to economic expansion, industrialization, urbanization, and rural electrification projects, particularly in India and China, are leading the demand for energy cables.

Features of Wire and Cable Market

Market Size Estimates: Wire and cable market size estimation in terms of value (\$M)

Trend and Forecast Analysis: Market trends (2016-2021) and forecast (2022-2027) by various segments and regions.

Segmentation Analysis: Market size by voltage type and end use industry.

Regional Analysis: Wire and cable market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different voltage type, end use industry, and regions for the wire and cable market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the wire and cable market.

Analysis of competitive intensity of the industry based on Porter's Five Forces

model.

FAQ

Q1. What is the wire and cable market size?

Answer: The global wire and cable market is expected to reach an estimated \$164.3 billion by 2027

Q2. What is the growth forecast for wire and cable market?

Answer: The wire and cable market is expected to grow at a CAGR of 5.7% from 2021 to 2027.

Q3. What are the major drivers influencing the growth of the wire and cable market?

Answer: The major drivers for this market growth in electricity consumption due to industrialization, urbanization, electrification of rural areas, and increasing construction activities.

Q4. What are the major applications or end use industries for wire and cable?

Answer: Utilities and residential are the major end use industries for wire and cable.

Q5. Who are the key wire and cable companies?

Answer: Some of the key wire and cable companies are as follows:

Prysmian Group

Nexans S.A.

Leoni AG

NKT A/S

Sumitomo Electric Industries

Encore Wire Corporation

KEI Industries Limited

Southwire

Q6. Which wire and cable product segment will be the largest in future?

Answer: Lucintel forecasts that low voltage cable is expected to remain the largest segment and it is also expected to witness the highest growth over the forecast period due to growth in construction as well as automotive sector, especially in China and India.

Q7: In wire and cable market, which region is expected to be the largest in next 5 years?

Answer: Asia Pacific is expected to remain the largest region and witness the highest growth over next 5 years

Q9. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1 What are some of the most promising potential, high growth opportunities for the global wire and cable market by voltage type (low voltage cables, medium voltage cables, and high voltage cables), end use industry (utilities, industrial, residential, and commercial), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q. 2 Which segments will grow at a faster pace and why?

Q.3 Which regions will grow at a faster pace and why?

Q.4 What are the key factors affecting market dynamics? What are the drivers and challenges of the market?

Q.5 What are the business risks and threats to the market?

Q.6 What are the emerging trends in this market and the reasons behind them?

Q.7 What are the changing demands of customers in the market?

Q.8 What are the new developments in the market? Which companies are leading these developments?

Q.9 Who are the major players in this market? What strategic initiatives are being implemented by key players for business growth?

Q.10 What are some of the competitive products and processes in this area and how big of a threat do they pose for loss of market share via material or product substitution?

Q.11 What M & A activities have taken place in the last 5 years in this market?
