A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Wood Preservative Treatment Chemical by Segment

The study includes a forecast for the global wood preservative treatment chemical by type, application, and region.

Wood Preservative Treatment Chemical Market by Type [Shipment Analysis by Value from 2018 to 2030]:

Water-Based Wood Preservatives

Solvent-Based Wood Preservatives

Oil-Based Wood Preservatives

Wood Preservative Treatment Chemical Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Residential

Commercial

Industrial

Wood Preservative Treatment Chemical Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Wood Preservative Treatment Chemical Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies wood preservative treatment chemical companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the wood preservative treatment chemical companies profiled in this report include-

Koppers Performance Chemicals

Arxada

Lanxess

Wolman

Remmers

Copper Care Wood Preservatives

RUTGERS Organics Group

Viance

Janssen PMP

Borax

Wood Preservative Treatment Chemical Market Insights

Lucintel forecasts that water-based wood preservative is expected to witness the highest growth over the forecast period.

Within this market, residential is expected to witness the highest growth.

APAC is expected to witness the highest growth over the forecast period due to expanding construction sector in countries like India and China.
