## Abstracts

Staying connected with your customers, clients and team members is of critical importance. While email and instant messaging are convenient and necessary components of your business's operations, there are many instances when talking on the phone is the best option. This is especially true when groups of people in different locations need to meet.

Often the simplest and most convenient way for these meetings to take place is via conference calls. Conference calls give professionals an easy way to meet with their peers or clients without having everyone in the same room. Whether it's an impromptu brainstorming session or a formal presentation, conference calls give dozens, hundreds or even thousands of people from anywhere around the world the ability to be on one call at the same time.

This report elaborates the market size, market characteristics, and market growth of the Conference Call Services industry, and breaks down according to the type, application, and consumption area of Conference Call Services. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Conference Call Services in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.

In addition, chapters 8-12 consider the impact of COVID-19 on the regional economy.
