## Abstracts

Retail banking, also known as consumer banking, is the provision of services by a bank to the general public, rather than to companies, corporations or other banks, which are often described as wholesale banking.

This report elaborates the market size, market characteristics, and market growth of the Consumer Banking industry, and breaks down according to the type, application, and consumption area of Consumer Banking. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Consumer Banking in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.

In addition, chapters 8-12 consider the impact of COVID-19 on the regional economy.
