## **Abstracts**

The Philippines faced various policy changes which impacted the economy in 2018, raising uncertainties about Filipinos' future spending. Filipinos were enjoying higher disposable incomes as a result of a reduction in personal tax, but towards the end of the year, consumers started to see price rises on basic goods, which made them more wary of spending.

This report elaborates the market size, market characteristics, and market growth of the Consumer Foodservice industry, and breaks down according to the type, application, and consumption area of Consumer Foodservice. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Consumer Foodservice in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.

In addition, chapters 8-12 consider the impact of COVID-19 on the regional economy.
