## Abstracts

A publisher is any business/individual/etc that prepares and issues or delivers content to an audience. They may not actually create all the content. Some websites or online magazines, for example, buy content from elsewhere for publishing.

This report elaborates the market size, market characteristics, and market growth of the Content Publishing industry, and breaks down according to the type, application, and consumption area of Content Publishing. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Content Publishing in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.

In addition, chapters 8-12 consider the impact of COVID-19 on the regional economy.
