## **Abstracts**

Duty-free shops (or stores) are retail outlets that are exempt from the payment of certain local or national taxes and duties, on the requirement that the goods sold will be sold to travelers who will take them out of the country. Which products can be sold duty-free vary by jurisdiction, as well as how they can be sold, and the process of calculating the duty or refunding the duty component.

This report elaborates the market size, market characteristics, and market growth of the Duty Free Retailing industry, and breaks down according to the type, application, and consumption area of Duty Free Retailing. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Duty Free Retailing in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.
