Abstracts

An embroidered patch, also known as a cloth badge, is a piece of embroidery which is created by using a fabric backing and thread. The art of making embroidered patches is an old tradition and was originally done by hand. High-speed, computerized machines have led to mass production.

This report elaborates the market size, market characteristics, and market growth of the Embroidered Badges and Patches industry, and breaks down according to the type, application, and consumption area of Embroidered Badges and Patches. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Embroidered Badges and Patches in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.

In addition, chapters 8-12 consider the impact of COVID-19 on the regional economy.
