## Abstracts

Freestanding Bathtubs are exactly what they sound like - bathtubs that stand alone. They're finished on all sides and call attention to themselves, often occupying major space the bathroom. Because of this, free-standing tubs often act more as a piece of furniture than a traditional, built-in or drop-in tub, which is usually thought of more for its utility. They come in a wide variety of shapes, sizes and materials, introducing a lot more creativity to the process of choosing your bathtub.

This report elaborates the market size, market characteristics, and market growth of the Freestanding Bathtub industry, and breaks down according to the type, application, and consumption area of Freestanding Bathtub. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Freestanding Bathtub in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.
