## **Abstracts**

Information governance is the management of organizational information. Information governance balances the use and security of information. Information governance contributes to legal compliance, operational transparency, and reduced spending related to legal discovery. Organizations can establish a consistent and sensible framework for employees to process data through their information governance strategies and processes.

This report elaborates the market size, market characteristics, and market growth of the Information Governance in Social Business industry, and breaks down according to the type, application, and consumption area of Information Governance in Social Business. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Information Governance in Social Business in a special period.
