Abstracts

Job Board software provides the tools companies need to build custom career pages to publish open and accept applications without the need for complex coding knowledge. By customizing the career page, candidates can better understand the company culture, products, partners, values, etc., as it is an extension of the company's main website. This report elaborates the market size, market characteristics, and market growth of the Job Board Software industry, and breaks down according to the type, application, and consumption area of Job Board Software. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Job Board Software in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.
In addition, chapters 8-12 consider the impact of COVID-19 on the regional economy.
