Abstracts

Mobile entertainment comprises a range of activities associated with mobile electronics. The definition is both somewhat subjective and in continual development, but can include purely leisure activities, communications, and activities which could also be defined as commerce.

This report elaborates the market size, market characteristics, and market growth of the Mobile Entertainment industry, and breaks down according to the type, application, and consumption area of Mobile Entertainment. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Mobile Entertainment in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.

In addition, chapters 8-12 consider the impact of COVID-19 on the regional economy.
