Abstracts

Non-bank trade finance refers to the problem of trade finance that is not solved by a banking, but institution through a fast-processing financial technology company or a third-party financial services company. The trade finance sector itself is developing its own areas of expertise, such as commodity finance, power generation and financial services.

This report elaborates the market size, market characteristics, and market growth of the Non-Bank Trade Finance industry, and breaks down according to the type, application, and consumption area of Non-Bank Trade Finance. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Non-Bank Trade Finance in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.
