Abstracts

The calories, vitamins and minerals required by the body at full capacity are not always readily available in daily nutrient intake. Supplemental nutritious beverages can solve those who have difficulty chewing, are difficult to prepare or have a balanced diet, are malnourished and need supplements or recover from major surgery or illness. While these supplements are not a magical alternative to nutrients throughout the food, they are good for health in many ways.

This report elaborates the market size, market characteristics, and market growth of the Nutritional Drink Products industry, and breaks down according to the type, application, and consumption area of Nutritional Drink Products. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Nutritional Drink Products in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.
