Abstracts

Social bookmarking is a way for people to store, organize, search, and manage “bookmarks” of web pages. Users save links to web pages that they like or want to share, using a social bookmarking site to store these links. These bookmarks are usually public, and can be viewed by other members of the site where they are stored. This report elaborates the market size, market characteristics, and market growth of the Online Bookmark Services industry, and breaks down according to the type, application, and consumption area of Online Bookmark Services. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Online Bookmark Services in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.
