Abstracts

Karaoke is now available for the Android, iPhone and other playback devices at many internet storefronts. Since 2003, much software has been released for hosting karaoke shows and playing karaoke songs on a personal computer. Instead of having to carry around hundreds of CD-Gs or laserdiscs, KJs can 'rip' their entire libraries onto their hard drives and play the songs and lyrics from the computer.

This report elaborates the market size, market characteristics, and market growth of the Online and Mobile App Karaoke industry, and breaks down according to the type, application, and consumption area of Online and Mobile App Karaoke. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.
