Abstracts

The principal dissociation between a pool table and the billiards counterpart comprises of the presence of the 6 pockets (4 in each corner and 2 halfway on each of the rail's long sides). In regards to the dimensions, the pool tables only differ slightly, the common variations being 9 feet, 8 feet and 7 feet. 10 feet pool tables are quite rare nowadays, but can be found occasionally in traditional establishments with vintage decors. In addition to that, residential versions can be as small as 6 feet by 3 feet.
