## Abstracts

Private contract security services refer to services and expertise provided by private military companies that are often similar to government security, military or police force services and expertise, and are usually small in scale. While private military companies often provide training or supplement the services of the official armed forces serving the government, they can also hire private companies to provide bodyguards or protect company premises for key staff, especially in hostile areas.

This report elaborates the market size, market characteristics, and market growth of the Private Contract Security Service industry, and breaks down according to the type, application, and consumption area of Private Contract Security Service. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Private Contract Security Service in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.

In addition, chapters 8-12 consider the impact of COVID-19 on the regional economy.
