Abstracts

A spa is a place where spring or sea water medicinal baths are given to the patient. Spa services are provided to offer various health treatments, which is also known as balneotherapy. These practices are widespread and are interrelated with relaxation, and mostly practiced by tourists or travellers during vacations.

This report elaborates the market size, market characteristics, and market growth of the Spa Services industry, and breaks down according to the type, application, and consumption area of Spa Services. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Spa Services in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.
