## Abstracts

The table tennis table is an old-fashioned table tennis table for table tennis. The table top can be made of any material (international regulations should be made of solid wood). It has certain elasticity. The upper surface is called the competition table. It is 2.74 meters long, 1.525 meters wide and 76 centimeters from the ground. The parallel plane of the horizontal plane is dark (the international competition should be painted or painted by dark ink green cellulose), dull, the sides of the table are 2 cm wide white line, the long edge line, the short end line. In the center of the countertop, there is a 3 mm wide white line, called the center line, which divides the two sections into two parts (the center line itself should be regarded as part of the right half).

This report elaborates the market size, market characteristics, and market growth of the Table Tennis Tables industry, and breaks down according to the type, application, and consumption area of Table Tennis Tables. The report also conducted a PESTEL analysis of the industry to study the main influencing factors and entry barriers of the industry.

In Chapter 3.4 of the report, the impact of the COVID-19 outbreak on the industry was fully assessed. Fully risk assessment and industry recommendations were made for Table Tennis Tables in a special period. This chapter also compares the markets of Pre COVID-19 and Post COVID-19.
