## Abstracts

Barbecue sauce (also abbreviated as BBQ sauce) is used as a flavoring sauce, a marinade, basting, condiment or topping for meat cooked in the barbecue cooking style, including pork or beef ribs and chicken. It is a ubiquitous condiment in the Southern United States and is used on many other foods as well. In barbecuing, a rub is a mix of seasoning and flavoring ingredients that are combined and applied to the outside of meat or poultry before cooking.

Based on the BBQ Sauces & Rubs market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.
