Abstracts

Equestrian Insurance is designed for those who work with horses on premises they rent or own. It is an ideal coverage choice for those that provide riding lessons or board horses, as well as those who race, breed or train horses. This coverage also protects commercial enterprises that stage clinics, horse shows or equestrian events, sell horses, rent horses for recreational activities, or provide team roping or penning practices.

Based on the Equestrian Insurance market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.

In chapter 3.4, we provide the influence of the crisis on the industry chain, especially for marketing channels.
