## Abstracts

Family entertainment centers, or FECs, are miniature indoor or outdoor amusement parks that offer a wide variety of entertainment for all ages. Indoor entertainment centers are more preferred as an entertainment and leisure option by families over the outdoor entertainment centers, as the environmental factors and climate changes do not affect any fun time or experience to the customers. Customers are choosing Family entertainment centers for spending quality time with friends, children, parents, and other family members because of the availability of entertainment options such as movies, music, gaming, and food & beverages.

Based on the Family or Indoor Entertainment Centers market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.
