## **Abstracts**

Liability insurance refers to the form of property insurance in which the insurer is liable for compensation when the insured legally responds to the third party's liability for compensation and is required to make compensation. Liability insurance is based on the civil liability of the insured to others according to law, and there is no insurance amount in the contract, and the compensation limit is specified. Liability insurance only covers the civil liability of the insured for negligence and infringement, and is not responsible for the damage caused by intentional acts. Except for special agreement, it usually does not include contractual liability for breach of contract.

The General Liability Insurance market revenue was xx Million USD in 2016, grew to xx Million USD in 2020, and will reach xx Million USD in 2026, with a CAGR of xx during 2020-2026.
