## Abstracts

Human Resources Outsourcing (HRO) is one of the major sectors in the Business Process Outsourcing (BPO) domain. Companies lacking the financial, human and technological resources to handle critical functions of the human resource (HR) management generally opt for HR outsourcing services. As HR department plays a vital role in the overall satisfaction of the employees in any company, HRO has been increasingly gaining importance. By outsourcing common HR functions such as learning management, recruiting, compensation planning, performance management and succession planning, companies benefit in terms of cost savings as well as performance improvements. Companies with less employee strength are also willing to focus on outsourcing their human resource functions, as service providers are creating appropriate outsourcing models that suit the organization, providing employee productivity benefits.

Based on the Human Resource Outsourcing (HRO) market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.

In chapter 3.4, we provide the influence of the crisis on the industry chain, especially for marketing channels.

In chapters 8-13, we update the timely industry economic revitalization plan of the country-wise government.
