## Abstracts

Kvass is a traditional Slavic and Baltic beverage commonly made from rye bread, which is known in many Eastern European countries and especially in Ukraine, Russia and Belarus as black bread. The colour of the bread used contributes to the colour of the resulting drink. Kvass is classified as a non-alcoholic drink by Russian and Polish standards, as the alcohol content from fermentation is typically low (0.5-1.0%). It may be flavoured with fruits such as strawberries and raisins, or with herbs such as mint.
