## Abstracts

Legal process outsourcing (LPO), refers to the practice of a law firm or corporation obtaining legal support services from an outside law firm or legal support services company (LPO provider). When the LPO provider is based in another country, the practice is called offshoring and involves the practice of outsourcing any activity except those where personal presence or contact is required, e.g. appearances in court and face-to-face negotiations. When the LPO provider is based in the same country, the practice of outsourcing includes agency work and other services requiring a physical presence, such as court appearances. This process is one of the incidents of the larger movement towards outsourcing.
