Abstracts

Payroll outsourcing is the fastest-growing segment of the global human resource outsourcing (HRO) market. Organizations are rapidly adopting payroll services to achieve cost reduction. They either outsource a single process or the entire services to enhance the existing function. Managing payroll in-house involves high costs. Organizations that maintain an in-house team for tasks such as payroll, time and attendance, workforce administration, and benefits administration spend 20% more than organizations that outsource the same functions.

Based on the Payroll Outsourcing market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.

In chapter 3.4, we provide the influence of the crisis on the industry chain, especially for marketing channels.

In chapters 8-13, we update the timely industry economic revitalization plan of the country-wise government.
