Abstracts

Increasing connectivity facilitated by online social network platforms allows people to share access to their houses, rooms, products, and services for a fee or other compensation. This phenomenon, also termed as peer-to-peer (P2P) accommodation, has gained prevalence in travel & tourism marketplaces in the past few years.

Based on the Peer-to-Peer Accommodation market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.

In chapter 3.4, we provide the influence of the crisis on the industry chain, especially for marketing channels.

In chapters 8-13, we update the timely industry economic revitalization plan of the country-wise government.
