Abstracts

The principal dissociation between a pool table and the billiards counterpart comprises of the presence of the 6 pockets (4 in each corner and 2 halfway on each of the rail's long sides). In regards to the dimensions, the pool tables only differ slightly, the common variations being 9 feet, 8 feet and 7 feet. 10 feet pool tables are quite rare nowadays, but can be found occasionally in traditional establishments with vintage decors. In addition to that, residential versions can be as small as 6 feet by 3 feet. Based on the Pool Table market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.
