## Abstracts

Retail in Real Estate are used exclusively to market and sell consumer goods and services. They range from shopping centres, individual stores and pop-up shops to 'big box' stores like Bunnings and Masters. Retail stores include everything from supermarkets, dry-cleaners, cafes, florists, pharmacies, bike shops, fashion stores and so on.

Based on the Retail in Real Estate market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.

In chapter 3.4, we provide the influence of the crisis on the industry chain, especially for marketing channels.
