## Abstracts

Sea fishing refers to fishing at the beach. The main targets of sea fishing are squid, yellow croaker, octopus, grouper, etc. Since the fish in the sea are saltwater fish, they are more ferocious and more greedy than freshwater fish. Eating, therefore, is conducive to the amount of fishing.

Based on the Sea Fishing market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.

In chapter 3.4, we provide the influence of the crisis on the industry chain, especially for marketing channels.
