Abstracts

Self storage (a shorthand for 'self-service storage', and also known as 'mini storage') is an industry in which storage space (such as rooms, lockers, containers, and/or outdoor space), also known as 'storage units' is rented to tenants, usually on a short-term basis (often month-to-month). Self-storage tenants include businesses and individuals.

A service offered by moving company. A moving company, removalist or van line is a company that helps people and businesses move their goods from one place to another. It offers all inclusive services for relocations like packing, loading, moving, unloading, unpacking, arranging of items to be shifted. Additional services may include cleaning services for houses, offices or warehousing facilities.

Based on the Self-storage and Moving Services market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.
