## **Abstracts**

Sports Accessories are in use since time immemorial or since humans started playing sports. At the beginning of the evolution of games, clothing is the only accessory used, but with time and technological advancement, accessories are no longer supportive elements of sport, they are the sport. Sports Accessories are nowadays a crucial part of games which require special care and attention due to the nature of sport such as swimming, golf and many more. These games are now played with advanced equipment's, items of clothing and other accessories which improve the accuracy and functionality of a sportsman. The accessories are becoming smart day by day which is helping in better decision making and accuracy of athletes. Smart Sports Accessories are the future of any sport. These accessories have made many games easy to play and perform such as cycling, running, swimming, trekking and others. The companies are producing smart accessories for all these games including a smart watch, smart wristband, sports watch, sports camera, speed meter, and tracker. Apart from these accessories gloves, backpacks, t-shirts and lowers and many other smart sports accessories are present in the market to provide minimum energy consumption of athletes while giving better results.
