Abstracts

Social CRM or social customer relationship management is the integration of social media channels into Customer Relationship Management (CRM) platforms. Increasingly, CRM platforms support social media alongside traditional channels so customers can interact with businesses via their preferred channels. This means better customer service and greater marketing insight gathered from customer social media data.

Based on the Social Customer Service Software market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.
